

Transition Helston Energy Group – Minutes of Meeting  
on Tuesday 18th May 2010, 7.30pm, Blue Anchor Helston.

Present: Nick, Mark, Kathy.

Apologies: Tristan, John, Vicki.

1. Owl Energy Monitors

We have drafted an introductory letter and questionnaire to go with the monitors. We discussed some amendments, also discussed publicity and idea of featuring someone, not in Transition Helston, reducing their energy consumption.

Action – Nick and Kathy to finish off information to go with monitors.

2. Energy Descent Action Plan

Some discussion about the complexity of the Totnes plan and whether, as lay people, we could produce a plan for Helston in 2030.

3. Thermal Imaging

We still can't get single images off "the movie"; Nick will contact Bernie for further assistance.

4. Solar Thermal Club

We will have to watch the progress of the new Government's plan for the renewable heat incentive.

5. Community Wind

No progress. Kathy had sent email to Neil Farrington to see if any progress with MOD.

6. Farmers Market

The next market is on 5<sup>th</sup> June.

7. Sustainable Energy Communities

Kathy had attended the presentation by Rob Pickering, inviting expressions of interest for projects to be supported by Community Energy Plus. Not sure whether the core group have any ideas, we could support Gweek Village Hall as a project.

8. Next Meeting: Tuesday 15<sup>th</sup> June, 7.30pm, Blue Anchor (third Tues of every month)
